DISCOVERY

Discovery Co-ordinator - Bob Dronfield (07805 337754) - jimbo@dronfield@hotmail.co.uk

A world of opportunities awaits you through Discovery - NFYFC's unique international travel and exchange programme. Travelling with Discovery offers a chance to experience another way of life by living it. See new places, make new friends and soak in another culture. It's an adventure that will pay off for the rest of your life. NFYFC forges links with other rural youth organisations around the world and travellers stay as guests of the host organisation, moving on every week or 10 days to stay with a new host family. The trips provide the chance to enhance your knowledge of a country's rural way of life and issues, and its agriculture. There is something to suit everyone, from homestay visits and group trips, to working exchanges both in the UK and overseas. Stays vary in length from a week to three months, but all of them offer once-in-a-lifetime opportunities to broaden your knowledge, gain confidence and enhance your future.

NFYFC is looking for lots of enthusiastic YFC members to take part in the trips available during 2011. Deadline for applications: **19 November 2010** Discovery interview and selection day: **4 December 2010**

THE CURVE

An exciting new training library aimed at providing Young Farmers' Club members with fresh opportunities for personal and professional development has been launched by the National Federation of Young Farmers' Clubs.

The Curve Club Training Pack includes eight inspirational training modules which have been designed to support club members with a combination of entrepreneurial and life skills that can be transferred into business and everyday life. It is also perfectly aligned to the core objectives of NFYFC - to provide opportunities for its members to improve their personal skills and gain a sense of achievement through educational and social activities.

The two-hour sessions, which cover subjects including managing change, event budgeting, networking, communication and marketing, are tailor made for YFC members and associates, and will be delivered by the professionally trained YFC trainers at club level.

The Curve has been launched with support from NatWest which is sponsoring the marketing of the new training and development programme.

The bank's sponsorship agreement sees the promotion of the Curve to NFYFC members through a series of flyers, advertising and web promotional activities as well as specially branded information and learning packs.
